

ELLA AUDREY M. NONES

Bachelor of Sciences in Information Technology
Major in Business Analytics

A dynamic IT graduate specializing in Business Analytics who is also a passionate student-athlete, bringing a great combination of technical expertise and discipline. Completed on-the-job training as an IT support, where I helped troubleshoot systems and contributed to website building with WordPress. SpikeGuard, a mobile application created to support training regimens for volleyball student-athletes, demonstrates my expertise in data analysis, basic programming, and web development. Known for strong teamwork, adaptability, and problem-solving skills, as well as a commitment to providing efficient and impactful solutions.
